PGP 77

HEAVY DUTY MULTI-PURPOSE HARD SURFACE CLEANER/DEGREASER CONCENTRATE

****LONDON UNDERGROUND PART NO: 17812/157 ** FORD MOTOR CO LTD
TOX NO:108594 ** LONDON GENERAL TRANSPORT PART NO: 17311LBL136 ****

APPLICATION

PGP77 is a specially formulated, fast acting, concentrated heavy duty maintenance cleaner. This product is water dilutable and will effectively and safely remove stubborn soil from hard surfaces; walls, floors, paintwork, pits, underframes and machinery. It is particularly effective when used in steam cleaners and power washing machines or mechanically agitated tanks. *PGP77* can be used in a multitude of applications and industries to remove grease, dirt, oil and carbon. As a general purpose cleaner *PGP77* reduces the need to hold inventories of many products.

INSTRUCTIONS FOR USE

For walls, floors and paintwork use *PGP77* DILUTED TO 1 - 2 % with water. Apply by spray, mop, sponge, brush or cloth.

For use in steam cleaners or power washing machines dilute with 40 parts water (2-3% soln.) in the detergent tank.

For mechanically agitated cleaning operations in production lines use 1 part *PGP77* to 10 parts water (10% soln.) at a temperature of 130-150F.

For light duty applications use *PGP77* at a dilution of between 0.5 and 1%.

After cleaning with concentrated solutions of *PGP77* wash off with clean water.

PRECAUTIONS: Contact with the skin should be washed off with water. Wear suitable protective clothing (PVC gloves, boots and overalls) when using the above product. For detailed health and safety information please request a hazard data sheet.
